Clever Shipping Agent Integration

Integrate your courier services with Dynamics 365 Business Central

Clever Shipping Agent Integration

Are you constantly searching for customer shipment tracking information?

Logging into your shipments carrier's website multiple times a day? You can now access all shipments details in Microsoft Dynamics 365 Business Central by simply installing Clever Shipping Agent Integration.

Your time is precious, don't waste it by jumping from Dynamics Business Central to your shipping carrier website multiple times a day.

A simple integration, such as Clever Shipping Agent Integration can help you achieve shipping and order fulfilment efficiency. It works hand-in-hand with some of our other Dynamics Business Central apps; Clever Handheld for Warehousing to directly consign shipments on your warehouse devices and Clever PrintNode to automatically print the labels you need to box and ship easily using only your business software.

Supported Agents

- DHL Express
- DHL Parcel
- DPD
- DPD Local
- FedEx
- Parcelforce
- Royal Mail (Intersoft)
- UPS
- Yodel

Benefits

- Quickly access shipping details in one place
- Ultra-fast and accurate order fulfilment
- Works in harmony with Clever Handheld for Warehousing and your warehouse devices to directly consign shipments
- Easily connects with Clever PrintNode to automatically print your shipping agent labels from Dynamics 365 Business Central
- View tracking details directly to the posted sales shipment card in Dynamics 365 Business Central
- A cost-effective solution – if you have more than one shipment for the same destination, consign them to a single shipment

Supported editions

- This app supports both the Essential and Premium editions of Microsoft

## Do you despatch goods which have differing requirements?

Hazardous goods? Ship to different countries? All of these require special declarations which could take time to complete.
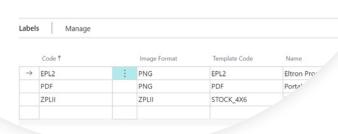

Clever Shipping Agent Integration does this for you! Based on the items on a shipment and the selected shipping service, all hazardous goods are automatically declared to the agent.
